Regular Meeting of the Alleghany County Water District Board of Directors Tuesday February 9, 2021 Meeting was held over the phone.

1. Call to Order & Establish a Quorum The meeting was called to order by President Mehrmann at 6:08 pm. Directors present: Tobyn Mehrmann, Robbin DeWeese, and Coral Spencer. Nancy Finney was absent. CWO Bruce Coons; GM Rae Bell, and Secretary Amber Mehrmann was present and took minutes.

#### 2. Consent Calendar:

a.) A motion was made to approve the clanedar. Coral Spencer made the motion to approve the consent calendar; Robbin DeWeese 2<sup>nd</sup> the motion Ayes: Tobyn Mehrmann, Robbin DeWeese, and Coral Spencer Nays: 0 Absent: Nancy Finney Abstain: 0

#### 3. Information/Discussion Items:

- a) Correspondence: There was a correspondence for the vacancy on the board.

  Also, a notice was received to have the board pick a delegate to represent our district in the Rural Water Association of California. It will be a remote meeting.
- b) SRF Projects Update: Provided in packet.
- c) Board/Staff Reports: CWO and GM Report:

CWO: Bruce reported that the routine samples were negative. He also said there was a 'whining sound' in pump #2; it may possibly be a bearing going out.

The total finished water produced was 160,200 gallons and the average raw water flow Gallons per minute 34.4. The most recent GPM was between 37-38 gallons per minute.

GM: Rae Bell's report included the budget to actual comparison from July-December. There was a bit of a mileage concern, but it looks like it will work out.

- **d) Historical Church/Library Report:** The Library is now open! The first and last Saturday from 1 o'clock-3 o'clock.
- e) Park Report: None

#### 4. Unfinished Business

- a) Customer Accounts/Billings/Disconnects: None
- b) Policies: None
- c) Tobyn was able to get in touch with the lawyer over the issue of conflict of interest. It was verified that they had information for him and he is just waiting for a reply.

#### 5. New Business

a) Purchase of a snake and camera for the water pipes: This would cost \$1,600 it was stated that there would be enough in the budget for the purchase. It would be something that would be useful throughout the years to keep the pipes clean and clear. Eventually the trees will be removed, but there may still be issues of roots. It is agreed upon that this would be a worthy purchase for our district.

Nancy Finney joined the meeting.

- b.) Attorney is needed to review job descriptions: It would cost \$700-\$1000 to have a lawyer look at the job descriptions and make sure there aren't any red flags. It does not fit into the budget, so at the end of the year it will be decided if it needs to be taken out of the contingency fund. It was agreed, though sounding pretty simple, that it would be good to have it looked at thoroughly. Coral makes the motion and Nancy Finney 2<sup>nd</sup> Ayes: Tobyn Mehrmann, Nancy Finney, Robbin DeWeese, and Coral Spencer Nays: 0 Absent:0 Abstain: 0
- c.) There have not been any applications filed for opening on the water board.
- 6. Public Response Time: None

#### 7. Next meeting Date, Items for next Agenda and Adjournment

Next meeting will take place March 9, 2021 at 6:00 P.M.

There being no further business before the Board, the meeting was adjourned at: 6:38 P.M.

Minutes respectfully submitted,

## Ram Spring Improvement Project ~ State Revolving Fund (SRF) Project Report for ACWD BOD Meeting Date: 2/9/2021 Prepared by GM Rae Bell

This project is related to the planning project approved for funding in 2015 and completed in 2020. The planning documents (plans and estimates) are approximately 90% complete. The remaining planning work will be the first phase of this project after the application process is completed.

There are five application packets that must be completed to apply for funding: General, Legal, Financial, Technical and Environmental.

- The General application packet with all attachments was submitted on 4/25/2020
- The Financial application packet with all attachments was submitted on 5/5/2020
- The Technical Packet is on hold while the TMF (Technical Managerial and Financial) analysis and a new rate analysis are done with the help of RCAC (Rural Community Assistance Corporation).
- The Environmental packet will be completed with the assistance of RCAC.
- · The legal packet has not been started.

#### Technical, Managerial and Financial (TMF) Analysis & Tune-up

- The Emergency Response Plan was finished as approved by the ACWD board in November. The binder is at the pumphouse.
- The job descriptions were tabled in January to be discussed further this month.
- The Operations and Maintenance (O&M) manual is slowly coming together.
- Rate Analysis: Will not be started until after the O&M manual is done. Note: the state requires a rate
  analysis that is less than 5 years old as part of the Technical Packet. Having a rate analysis done does
  not necessarily mean that the rates will have to be changed. There are affordability guidelines that also
  must be followed when setting water rates.

<u>Environmental Documents</u> The issue of the planned tree removal came up in January via the CEQA consultant. Because some of the tree removal includes space for new construction (the small building) a whole different set of rules kicks in where CDF is concerned.

On January 20<sup>th</sup> I met with ACWD engineer Kip and CDF Forester Alex Stone to discuss what the options are to get a permit to remove the trees. The most straightforward approach is to apply for what is called a "3 acre conversion". Areas of 3 acres or less can be converted to non-timberland via a simple application that has to be completed by a registered forester. The forester would be paid via the State funded project. Once the conversion is approved the tree removal must occur within one year, so timing will be important. The Sixteen to One Mine, as the actual landowner has been kept abreast of the situation and will be providing a letter stating that they are willing to sign-off on the 3 acre conversion. This will be reviewed as part of the legal packet too.

On January 26<sup>th</sup> there was a conference call with all involved parties on the environmental work to try to more clearly define the scope of the work so that Enplan can provide a proposal to fulfill the technical assistance request that is being done via RCAC.
